At Radiant Yoga, we are excited about sharing the joy of yoga with our students. We believe that with a regular yoga practice, one can bring balance to every aspect of his/her life, enhancing the quality and happiness of that life. We also believe anyone can do yoga. That is why we offer a variety of classes to meet the differing needs of students. Our teachers are very experienced and have all been trained how to teach varying levels of students, and do so in a non-competitive and encouraging atmosphere. It's our goal to make you feel better walking out the door than you did walking in.
